AS AN HRI DENTAL & VISION MEMBER, YOU NOW HAVE ACCESS TO THE TELEDENTISTS® NETWORK!

WHAT IS A TELEDENTIST?

The TeleDentists are a part of a national network of board licensed dentists who have been trained to deliver video consults via your computer, tablet or smart phone.

The TeleDentists are available 24/7 to help you with your dental health when your normal dentist is not available. Get a virtual consult from The TeleDentists instead of wasting time and money in an emergency room. The TeleDentists diagnose problems and get you started on treatment, which may include an e-script for an antibiotic and/or non-narcotic pain medication.

When follow-up care is needed, next-day appointments are booked with an appropriate dentist, conveniently located near the patient. Also, the TeleDentists answer dental questions and provide guidance for excellent oral care.
