

Urine Protein Reagent Temporarily Out of Stock

Notification Date: February 24, 2026
Effective Date: Immediately

ProMedica Laboratories was informed that our supplier of Urine Protein Reagent is currently out of stock, with an anticipated availability date of July 1, 2026.

Due to limited remaining inventory, we will be temporarily consolidating all Urine Protein testing through our core lab, allowing us to preserve reagent supply for essential patient testing.

Extended turnaround times should be expected for the following test codes:

- UPRO, Urine Protein, 24 hr (LAB441)
- UTPR, Urine Protein, Random (LAB439)
- UPCR, Urine Protein/Creatinine Ratio (LAB689A)

Updates will be provided as more information becomes available. Your understanding is appreciated.
