

### Discontinued Use of *H. pylori* Screen Test (CLOTST)

*Notification Date: 4/15/2025*

*Effective Date: 4/22/2025*

ProMedica Laboratories is discontinuing the use of the *H. pylori* screen test due to discontinuation of production of the test kits by the manufacturer.

Going forward, Surgical Pathology testing should be ordered on biopsy samples that are suspicious for *H. pylori* infection. Immunohistochemistry for *H. pylori* testing will be added to the biopsy sample at the discretion of the pathologist based on Surgical Pathology findings.

For additional questions, contact Laboratory Customer Service at 419-291-4134.
