Annual Update

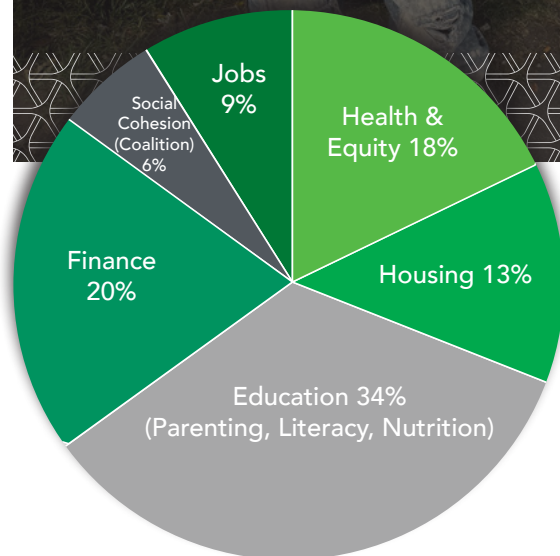

*Adrian, Michigan**

The Adrian Ebeid Neighborhood Promise completed its first full calendar year of operations in 2024. Partnerships with the Adrian Dominican Sisters Resilient Communities Initiative, Boys & Girls Club of Lenawee, Adrian Public Schools, Lenawee Community Foundation and over 50 other community-based organizations catalyzed 100 evidence-informed workshops offered in east Adrian at no cost.

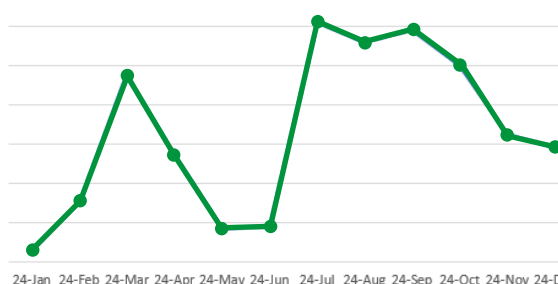

A duplicate count of 809 community members of all ages participated in a workshop, class or program in 2024. Each averaged 8 participants with an average of 67 participants per month. Offerings ranged from Budgeting Basics, Credit Education, Rent for Success, Parenting, Mental Health First Aid to Road to Restoration's reinstatement of driving privileges, Virtual Reality Career Exploration, dance classes and other wellness offerings. Based on community feedback, the Adrian ENP team coordinated and developed a monthly schedule of programming and launched a social media platform to improve community awareness of resources available at the Ebeid Center at Comstock.

Adrian ENP Highlights

EAST ADRIAN COALITION

The East Adrian Community Coalition plays a vital role in fostering a sense of belonging among residents by organizing community activities that bring people together. Through advocacy and engagement, the coalition amplifies residents' voices, ensuring their concerns and aspirations shape the community's future. Meeting monthly, members collaborate to plan events, share resources, and build meaningful connections, creating a stronger, more united east Adrian.

ROAD TO RESTORATION

Road to Restoration is a free mobile clinic that assists Michigan residents in understanding what is needed to restore their driving privileges. Those who attend meet one-on-one with Michigan Department of State staff and attorneys to restore or determine the steps necessary to restore their driving privileges.

COMMUNITY COOKOFF

The annual Community Cook-Off, hosted by the East Adrian Community Coalition, is a vibrant celebration of food, connection, and community spirit. This highly anticipated event brings residents together to enjoy great food, engage with neighbors, and strengthen local ties. The Cook-Off not only showcases the grilling talents of community members but also serves as a vital fundraiser to support the Coalition's ongoing efforts.

FINANCIAL EMPOWERMENT

Financial empowerment education is a crucial tool in addressing the conditions of poverty, equipping individuals with the knowledge and skills needed to achieve long-term financial stability. Through numerous comprehensive courses, participants gain the confidence to make informed decisions that impact their housing, education, and employment opportunities. Adrian ENP recognizes the transformative power of these resources and is proud to partner with Community Action Agency (CAA) to make these offerings available to our community.

LITERACY POP-UPS

The Literacy Pop-Up event held in east Adrian provided a dynamic educational experience for youth. In partnership with the LISD, this initiative fostered a love for reading and learning through interactive literacy labs, STEM stations, creative craft activities and structured reading and writing exercises. By creating a fun and supportive environment, the program not only enhanced literacy skills but also empowered young learners with problem-solving abilities, making a lasting impact on their educational journey.

Community-based, free programming is essential in addressing the disparities and inequities that exist in east Adrian. Adrian Ebeid Center at Comstock provides access to critical resources, training, and support that empower individuals and strengthen communities. Through community partnerships, these initiatives create opportunities for education, economic stability, and overall well-being, fostering a more resilient and connected community.
